### PRESS RELEASE

#2010- 030

#### **Voluntary Recall of Certain Over the Counter (OTC) Infants' and Children's Products**

The Department of Public Health and Social Services (DPHSS) is announcing to the public that on April 30, 2010, McNeil Consumer Healthcare, a division of McNEIL-PPC, Inc., in consultation with the U.S. Food and Drug Administration (FDA), ***voluntarily recalled all lots that have not yet expired of certain over-the-counter (OTC) Children's and Infants' liquid products*** manufactured in the United States and distributed in the United States, Canada, Dominican Republic, Dubai (UAE), Fiji, Guam, Guatemala, Jamaica, Puerto Rico, Panama, Trinidad & Tobago, and Kuwait. (***SEE RECALLED PRODUCT LIST BELOW***).

McNeil Consumer Healthcare initiated this voluntary recall because some of these products may not meet required quality standards. This recall is not being undertaken on the basis of adverse medical events. However, as a precautionary measure, parents and caregivers should not administer these products to their children. Some of the products included in the recall may contain a higher concentration of active ingredient than is specified; others may contain inactive ingredients that may not meet internal testing requirements; and others may contain tiny particles. While the potential for serious medical events is remote, the company advises consumers who have purchased these recalled products to discontinue use.

To date, the Division of Environmental Health of this department has determined that several retail establishments and pharmacies have been affected on Guam. All the affected products were voluntarily removed from the shelves. The investigation is still on-going to determine the extent of the recalled commodities that are on Guam. The department will release more information to the public as more information is obtained from our investigation.

The department has not received any local reports of injuries or illnesses associated with the consumption of this recalled commodity. Consumers who have purchased any of the implicated products listed above are urged to stop using the product immediately and return them to the store purchased for a full refund. Consumers with questions or concerns about the recall may contact 1-888-299-76496036 (8:00 am – 4:00 pm Central Standard Time). Consumers who have medical concerns or questions should contact their healthcare provider.

The McNeil Consumer Healthcare company is conducting a comprehensive quality assessment across its manufacturing operations and has identified corrective actions that will be implemented before new manufacturing is initiated at the plant where the recalled products were

made. Consumers can contact the company at 1-888-222-6036 and also at [www.mcneilproductrecall.com](http://www.mcneilproductrecall.com).

For additional information, including affected NDC numbers, consumers should visit the website [www.mcneilproductrecall.com](http://www.mcneilproductrecall.com) or call 1-888-222-6036 (Monday-Friday 8 a.m. to 10 p.m. Eastern Time, and Saturday-Sunday 9 a.m. to 5 p.m. Eastern Time). Any adverse reactions may also be reported to the FDA's MedWatch Program by fax at 1-800-FDA-0178, by mail at MedWatch, FDA, 5600 Fishers Lane, Rockville, MD 20852-9787, or on the MedWatch website at [www.fda.gov/medwatch](http://www.fda.gov/medwatch) or contact the Division of Environmental Health DPHSS at 735-7221.

## McNeil Consumer Healthcare Announces Voluntary Recall of Certain OTC Infants' and Children's Products

**FOR IMMEDIATE RELEASE** - April 30, 2010 - Fort Washington, PA. McNeil Consumer Healthcare, Division of McNEIL-PPC, Inc., in consultation with the U.S. Food and Drug Administration (FDA), is voluntarily recalling all lots that have not yet expired of certain over-the-counter (OTC) Children's and Infants' liquid products manufactured in the United States and distributed in the United States, Canada, Dominican Republic, Dubai (UAE), Fiji, Guam, Guatemala, Jamaica, Puerto Rico, Panama, Trinidad & Tobago, and Kuwait. (SEE RECALLED PRODUCT LIST BELOW).

McNeil Consumer Healthcare is initiating this voluntary recall because some of these products may not meet required quality standards. This recall is not being undertaken on the basis of adverse medical events. However, as a precautionary measure, parents and caregivers should not administer these products to their children. Some of the products included in the recall may contain a higher concentration of active ingredient than is specified; others may contain inactive ingredients that may not meet internal testing requirements; and others may contain tiny particles.
